

**DON'T CROWD** the skillet when you are browning meatballs; leave room to shake the meatballs in the pan so they will keep their round shape.

**ADD LOADS** of minced parsley to melted butter and lemon juice and serve as a sauce for broiled or fried fish filets.

**PLANT FOOD** costs per pound have fallen since 1950 while farm wages have risen 59 per cent and land costs have doubled.

## Women Organize To Aid UMATT

The Women of UMATT were informally organized yesterday afternoon at a "feminar" at the University of Dayton.

The auxiliary to the United Missionary Air Training and Transport (UMATT) hopes to further interest in the Marianist organization which transports doctors and nurses and flies other mercy missions throughout East Africa.

This morning a desk manned by a volunteer went into service at the University of Dayton (UD) which is headquarters for UMATT. First volunteer to report is Mrs.

Marie Orndorf, one of a handful of women at the organization meeting at which representatives were present from the Council of Catholic Women, the Lutheran church, the Council of Negro Women, the United Church Women, the Church Federation of Greater Dayton, the University of Dayton Mother's club and Wright-Patterson Air Force base.

Miss Jane Hamilton, professor of English at UD, is temporary chairman of the new organization dedicated to the personal aid concept.

Initial plans of the group include the establishment of a speakers' bureau to bring to the attention of the community the work of UMATT.

In the fall Sister Michael Therese Ryan, known as the flying nun, will be sponsored in a speaking appearance here.

Meantime, volunteers will supply information regarding the new organization and UMATT from the desk at the university. An extension number off the main university telephone number has been assigned.

### Market Basket Shopping Tips

WASHINGTON — (UPI)—In most areas, beef—particularly steaks—and ham are being spotlighted through midweek. Cold cuts and sandwich meats also are reportedly wearing "special" price tags.

Toward the weekend, features may turn to the poultry department, where especially attractive prices are reported on both turkeys and fryers. Large eggs should be a particularly good buy currently, especially considering that the Chicago wholesale price last week hit the lowest level in eight years.

Only a limited variety of fresh fruits and vegetables can be considered in good supply as yet. These include bananas, oranges, and grapefruit; plus, in vegetables, potatoes, onions and sweetcorn. Some areas expect offerings of watermelon, cantaloupe, strawberries, lettuce and carrots to provide additional selections.

### Natural Food Talk

The Natural Food Associates will meet Saturday in the YMCA, 117 West Monument Avenue, at 7:30 p.m.

Mrs. Doris Hill, Warren, will be the speaker. Hosts for the evening are N. T. Hemmelgarn and Gene K. Fox.
