Chief Re-Elected

DAKAR, Senegal (AP) — Leopold Sedhar Senghor, who has been president since Senegal was granted independence in 1960, was re-elected Sunday for another five-year term.

Robert L. Chatley

House OKs Bill Lauding President

A Republican-sponsored resolution commending President Nixon for bringing "peace with honor" in Vietnam was passed by the House of Representatives Monday.

House Democrats made no objections although some privately objected to some of the language in the measure.

Rep. John Monks, D-Muskogee, suggested all House members be co-authors but there was immediate objection to that.

Wings of Hope Officer Named

Robert L. Chatley, of Bethany, has been elected vice president and a member of the board of directors of Wings of Hope, Inc., an aviation oriented charity supporting medical missions and humanitarian programs in remote areas throughout the world.

Chatley is the director of marketing services for the general aviation divisions of North American Rockwell. He will direct the broad-based membership campaign of Wings of Hope to be launched in national publications early in the spring.

Chatley joined North American Rockwell in July 1971 and was named to his present position in October 1972.

The language Democrats disliked included praise of Nixon for resisting "the raucous demands and vilification of a radical liberal minority to end the Vietnam conflict at any cost without reference to integrity, common sense or reasonable safeguards for the United States troops, citizens and prisoners of war . . . in spite of protests, pleas, half-lies, misrepresentations and false fears of this misguided few . . ."

The measure was authored by Rep. Charles Ford, R-Tulsa, minority leader of the House, with 25 Republican co-authors and Democrat Gordon Benznoska, from Geronimo.
